A journey through the marine wonders of Krabi, discovering dreamlike beaches, iconic rock formations, and crystal-clear waters. An unforgettable experience blending relaxation, unspoiled nature, and postcard-perfect scenery, ideal for those wishing to fully embrace the tropical beauty of Thailand.

ITINERARY:

In the late morning, after convenient pick-up from your hotel, the journey begins with arrival at **Nopparat Thara Pier**, the departure point for an unforgettable day at sea. After check-in and meeting the local guide, you will board the speedboat to explore some of **Krabi's** most iconic and scenic destinations. The first stop will be the famous **Phra Nang Beach**, often ranked among the most beautiful beaches in the world, a true slice of paradise where turquoise waters meet powdery white sands framed by towering limestone cliffs. It will feel like stepping into a perfect tropical postcard.

The journey continues to the enchanting "*Miracle Sandbank*," a natural wonder that appears at low tide, allowing you to walk from one island to another along a narrow white sand path. In this magical spot, suspended between sea and sky, you can take spectacular photos and enjoy the unique experience of walking across the sea between **Chicken, Tup, and Mor Islands**.

Gently cruising through the clear waters, you'll reach **Chicken Island**, known for its curious rock formation that resembles the head of a chicken. This area is renowned for its beautiful seabed, making it an ideal spot for snorkeling or simply soaking in the breathtaking marine landscapes.

Next, the boat will head to the picturesque **Poda Island**, an authentic gem surrounded by crystal-clear waters and soft white sand. Here, a delicious lunch box will be served right on the beach, while time drifts by in total freedom: you can swim, stroll along the shore, sunbathe, or simply relax listening to the gentle sound of the waves. In the afternoon, return to **Nopparat Thara Pier** and transfer back to your hotel, your heart filled with dreamlike images and the memory of a day spent in a true corner of paradise.
